FRIDAY EVENING, SEPT. 3, 1886.

## Mass Convention.

The Democrats of this county are reminded of the fact that a mass convention will be held at the court house tomorrow afternoon at 1 o'clock to select delegates to represent the county in the district convention at Augusta next Wednesday.

DAKOTA vegetation was stiffened by a heavy frost on the morning that ushered in the first fall month.

The local optionists and saloon men of Grant County, this State, will tackle each other on the 20th of this month. The ballot—and money—will be the weapons used.

RECEIVER H. E. HUNTINGTON, of the Kentucky Central, has effected a compromise with Bourbon County for the back taxes due. The company owed \$6,000 and the county accepted an offer of 65 per cent. of the sum.

With the advent of the first cool spell, comes the news of the doubling up of some of our exchanges. The Citizen and Kentuckian, of Paris, have united their fortunes, and the Times and Sentinel, of Shelbyville, have espiced for "weal or woe."

The Governor of Ohio has permitted a gang of Kentucky lawyers to whine around him until he has softened his heart and respited Jeff Bowling until December 3rd. Bowling was to have been hanged Friday, and should have been, without a doubt. But the chances are that before Christmas, Bowling will be back at Morehead and terrorizing around.—Bourbon News.

EX-GOVERNOR LESLIE, who was beaten for re-election as Judge in a district with 1,500 Democratic majority, made it worse by a contest. The majority, according to the returns against him, was only four, but an examination of the poll books ran it to thirty or forty. The Governor can now fall back on the Government for a position, as most men do who think that the country can not do without their valuable services.—Interior Journal.

"Time doesn't work many changes in Rowan County. Although they have had State troops and a term of court to encourage them in well-doing this month, a man died there the other day from the effects of a pistol carried and used in violation of the law."  
—Louisville Courier.

"Give the devil his dues." If our information is correct the pistol want being carried in violation of law. It was taken from beneath the counter after the trouble had originated between Day and his cousin.

It is beginning to look very much like Hon. D. J. Burchett, of Lawrence County, will be the Republican nominee for Congress in this district. Hon. W. J. Worthington, of Greenup, says he is not an aspirant and only wants to be let alone to the enjoyments of the comforts of home life, while Judge Thomas, of Lewis, asserts that he is not a candidate. Ex-Congressman Culbertson, says, too, that he is not a seeker after party honors this year. As we stated in the start, it looks very much like Burchett, just at present.

The editor of the Carlisle Mercury refers to the BULLETIN as "Judge Wall's personal organ." The Mercury is informed that the BULLETIN is any candidate's organ. We have supported Judge Wall because we thought all along, and think so yet, that it is to the interest of the party that he should be nominated. Messrs. Bascom and Savage have ignored us throughout, and we have ignored them. "Turn about is fair play." We can assure them, however, that if either should be nominated at Augusta he will receive a most cordial support from the BULLETIN.

The "State of Lewis" Sold for Wall. The precinct meetings to select delegates to the county convention at Vanceburg to-morrow, were held in Lewis County yesterday. Judge Savage and his friends have been confidently claiming that county all along, but yesterday's primary meeting settled the question as to the vote of Lewis beyond any doubt. A dispatch from Vanceburg says Judge Wall carried every precinct in the county. At Tallboro he had a majority of twenty over all opposition. Primary meetings will be held in Fleming and Greenup to-day. If these two counties should be carried by Wall, and his friends confidently expect they will be, it will practically settle the contest. All things considered, it looks like Mason's favorite will have a walk-over at Augusta.

(Communicated.)  
New Gas.

Mr. Editor: Can you please tell me why the gas lamp on the corner of Third and Wall streets have been left without lighting for the past three or four nights?  
N. B.

## KENTUCKY'S WEATHER PROPHECY.

Goose Bone Predictions—One's Mode of Forecasting the Weather.

The goose bone may be called "Kentucky's weather prophet." In many farmhouses it will be found hanging in the hall, and old men who have had it for years say the genuine bones never fail. The real bone can only be obtained from a goose that was hatched out in the spring; the month of May is said to be the best. The goose must not be killed until Indian summer has passed away. After cooking, remove the breast bone, scrape it clean, and then wash it in warm water and let it dry for a day or two. When it has been thus prepared, hold it up to the sun, or morrow afternoon in a dark room is better, and discolorations can be easily deciphered, and, to one who knows the bone reading is as plain as a book.

A bone shown to a reporter was taken from a goose hatched out in May. A row of dots found along the keel of the bone indicates the temperature and the darker their discolorations the more rain or snow there will be. The marks dividing the bone indicate the three winter months, December commencing at the front, and a careful reading of the bone indicates much more regular weather than was had last year, and not so severe. There will not be many days during which running water will freeze. The coldest weather will occur during the first half of January and along between the seventh and eighth of the month. The severest weather will be the severest part of the whole season. Near the point of the bone discoloration is a little heavy, thus showing that the first day of winter will give proof of the season's change. This will be followed by rising temperature and falling weather for Christmas.

January will be ushered in cold and the cold will strengthen as the days lengthen, the coldest days of winter falling falling about the 15th of the month. The severest winter will be brief, followed by rising temperature and heavy thaws, and the last half of the month will see many rains and snows. During February there will not be any very cold weather, but it will be rather disagreeable month, with snow and rain. A few cold days is all that the month will contribute to the winter. An early and decided thaw is among the promises of the bone. The February thaw will overflow the mountain streams and disastrous floods may be looked for. Altogether, the winter will be what is known as an open season and a good what year.—Christian at Work.

## Shot and Killed.

XENIA, O., Sept. 3.—News has just been received here that on Tuesday night Joseph Green was shot and killed at Downsview, Greene county. A few months ago Zeiler declined to fulfill a promise to marry Miss Rosa Johnson. She tried to shoot him and he shot her. The news was a surprise. On Tuesday evening Zeiler was in a parlor in company with two young ladies, when an unknown person fired a load of buckshot through the window, killing him instantly. There is no clue to the murderer, but it is believed the crime was the result of his refusing to marry Miss Johnson.

Trifled to Murder His Wife and Child. ST. PAUL, Minn., Sept. 3.—Hans Anderson, his wife and child, retired at their usual hour. A moment later Anderson arose and said he was going to work. He soon returned with a broad ax, recently sharpened. He attacked his wife and child and cut the former in the throat and leg, and the child in the leg. The two lay still through the window, killing him instantly. Anderson attacked them and they fled for the police. When they returned Anderson was found in his bed room with his throat cut. The doctors think all three will recover.

## A Boiler Explosion.

TROY, N. Y., Sept. 3.—A terrible boiler explosion took place about 7 o'clock this morning at the farm of Rutgers Vandenberg, of North Greenbush. Archibald Hanken, employed as engineer, and David Phillips, proprietor of a threshing machine, the boiler of which exploded, were instantly killed. Morton Deforest was seriously and probably fatally wounded, and W. H. Livingston and Rutgers Vandenberg were badly injured.

## Homer Wins the Race.

ROCHESTER, N. Y., Sept. 3.—The single swim race between George H. Homer and John McKay, over a three miles and turn course, was handsomely won by Homer by ten lengths; time 31 minutes 15 seconds. As this was the first time Homer ever pulled on Lake Champlain unusual interest was taken in the event, and a great crowd of people were in attendance. The race was won by Homer, and the Adirondack region.

## Haulan-Beach Race.

NEW YORK, Sept. 3.—Mr. Peter Duray deposited a forfeit of \$500 with Mr. Hamilton Beach for a race with Haulan-Beach. The match race with William Beach, the world's champion swimmer. The race will be over a three or four mile course on the Thames, and for from \$1,000 to \$2,000. Haulan will sail for England as soon as practicable, taking with him the boat in which he defeated Courtney Wednesday.

## Recently Beaten by Burglars.

SANDUSKY, O., Sept. 3.—Burglars entered the residence of Nicholas Jaeger, of this city, at 1 o'clock, and demanded Jaeger's money, a considerable amount of which he was supposed to have in the house. He denied having any money, and the burglars then attacked him and his wife with clubs and knives. The burglars then fled without securing any money. No clue.

Attempt to Organize a Pool Unsuccessful. CINCINNATI, Sept. 3.—General managers of railways in the Northwestern Freight association were again in session, attempting to fix up a permanent pool. Little or no progress was made. Three new lines pointed demanding various concessions, which the older lines did not seem disposed to grant.

## Railroad Sold.

CINCINNATI, Sept. 3.—The Cincinnati & Eastern railroad was sold by order of the court for \$200,000 to Stephen Pike, George Briger and Albert Netter, who compose a purchasing committee representing the majority of the bondholders.

## Gutted by Fire.

STRAUBER, N. Y., Sept. 3.—The stores of J. and F. B. Garrett, wholesale dealers in paper and printing material, were gutted by fire. The loss is about \$50,000, on which there is a heavy insurance.

SHELDON SPRINGS, Vt., Sept. 1.—Burglars entered the Congress Hall hotel during the night. One guest, W. L. Lincoln, of Chicago, lost \$1,500 in money and jewelry. There is no clue to the thieves.

## SCHOOL

## CLOTHING.

Parents who are about to send their boys to school will be delighted with our new stock of School and Dress Suits that we have just opened. Come in and examine them; you will not only be pleased with the Goods, but doubly pleased with the Prices.

J. W. SPARKS &amp; BRO.

## Rheumatism

"Had a case of Inflammatory Rheumatism of the hip and thigh, which was so bad that I could not get up. I tried all the remedies I could find, but nothing did me any good. I then tried Dr. Williams' Pink Pills, and in a few days I was able to get up, and in a short time I was completely cured. I have since tried them on several other cases, and they have done me good in every case."—A. A. MILLER, Sole Proprietor, 709 and 711 Washington Avenue, St. Louis.

## Wild Cherry and Tar.

Every body knows the virtues of Wild

Cherry and Tar as a relief and cure for

every affection of the Throat and Lungs

and with these two ingredients are a few simple

healing remedies in the form of a Lozenge

or a Syringe. Dr. Ross's Cough and Lung Syringe making it

just the article you should have in your

house, for Cough, Cold, Croup and Bron-

chitis. Sold by Druggists and \$1.00. Samples

free. Sold by George T. Wood.

## Hard Times.

While money is scarce, wages and prices low,

and the people are suffering, it is every house-

hold. Economy the watch word for Mothers.

head off Doctor bills, by always keeping in

the house, a bottle of Dr. Ross's Cough

and Lung Syringe. Stops a cough instantly,

relieves Consumption, and cures all kinds

of the Chest in one night. It is just the reme-

dy for hard times and \$1.00. Samples

free. Sold by George T. Wood.

## Cure for Piles.

Piles are frequently preceded by a sense of

weight in the back part of the rectum, or

of the abdomen, causing the patient to suppose

he has some affection of the bowels, or some

other organ. At times, symptoms of indigestion

are present, as flatulency, uneasiness after

eating, etc. A moderate use of purgatives,

producing a very disagreeable itching,

after getting warm, is a common attendant.

Blind, bleeding and itching piles yield at once

to the application of Dr. Ross's Ointment,

which acts directly upon the parts affected,

absorbing the matter, and inducing the in-

flammation, and affecting a permanent cure.

Price 10 cents. Address Dr. Ross, 111

Madison Co., N. Y. Sold by Geo. T. Wood.

## WEAK, UNDEVELOPED PARTS

Of the body enlarged and strengthened by

Dr. Ross's Compound. Sold by Geo. T. Wood.

**Proprietors.**

Covington last evening to resume her duties in the school room Monday morning.

City Collector and Treasurer, at the January election, 1887.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor creases and discoloration, characteristic of old paper. The left edge of the page is bound, showing the stitching and the inner cover material. The overall tone is warm and slightly yellowed, suggesting the age of the document.
